

Investor Deck

October 2023

Large underserved market with pain points of large business clients

Platform which solves the above problems bringing in transparency and efficiency

Traction – Working with industry giants, profitably running-rating at \$3 Mn ARR

Team – Bringing in perfect mix of experience and expertise

Sourcing – Problem

Procurement a large and deep domain

Global Market Opportunity

Global Indian Market

Geo split

Top Global demand Generators

Industry	% of total industry	Growth Rate
Automotive and transportation industry	30-32%	7-8%
Electrical/ electronics industry	16-17%	4-7%

Same contract manufacturing process being followed for decades

- ❖ Multiple departments such as Purchase, Quality, Assembly and Logistics have to coordinate and work in tandem
- ❖ The development of a new vendor takes 3-6 months.
- ❖ Even with a set of procurement professionals, there is no certainty of quality and timely delivery
- ❖ With complexity of variety/quality, process and risk has to be undertaken multiple times

Same pain points being faced for decades

IndusUno – Business Model

Vision – Amazon for Industrial Products

To emerge as a Major Industrial B2B E-commerce company with the **largest catalogue of Industrial Products in India**, covering 22 industrial sectors as a customised single-source solution provider

Tech based solution to **Optimize procurement process**

An **Application Platform** to **buy** industrial products

Procurement function (MRO) in manufacturing eventually replaced by IU solution

- ❖ Matches OEM and the best suited vendor within 48 hours saving effort and time

- ❖ Ensures timely delivering as compared to 70% deliveries being delayed

- ❖ Third party professionals ensuring audit and quality checks before the delivery

- ❖ Live digital tracking ensuring reliability, trust and transparency

- ❖ Utilisation of idle capacity along with analytics and feedback, ensuring efficiency

- ❖ Improving reach to OEMs across domestic and international locations

- ❖ Clear contract terms, avoiding individual idiosyncrasy of clients

- ❖ Clarity on product specifications and a clear quality signoff, reducing disputes

START with data DUMP

MILESTONE

Digital marketing, LinkedIn Sales

- ✓ LinkedIn groups and Digital marketing, Credit Rating agencies API, Referral program

Customer Interface, Website, Integrations, Dashboards

- ✓ Magento B2B marketplace, Customer Enterprise portal, SAP connector (PIPO), custom dashboard (Complete spend analytics across the company)

Quote TAT, Delivery TAT, Quick complaint resolution

- ✓ Weekly scorecards tracking quote TAT, delivery TAT, GRN , conversion metrics (quote to order) , ARC spend

Increase in scale but not proportionally increasing resources

- ✓ Auto categorization, Brand segregation, Model no extraction, Price extraction, OMS, Data enrichment (Machine learning) , Alternate product engine, Data driven prediction of Inventory
- ✓ Robotic process automation in OMS (vendor quote, Auto customer quote, touchless vendor onboarding, auto reorder, PO release)

15%

Efficient MRO supply can reduce procurement related costs by 8- 15%.*

*Source: Deloitte – Smarter MRO

- Consolidated customised catalogue with your part numbers
- Alternate brands/product suggestions

- Integration of shop to ERP/EAM systems
- Dedicated portal for purchase & analytics

- Vendor consolidation/ single source
- Vendor engagement

- Auto reorder based on inventory & annual rate contract
- Auto approval & customised workflows

- Non-catalog and spot buy/maverick spend
- OEM parts conversion

- Insite- an IndusUno branch in all customer's plants

**Cost Saving for OEM
in scouting**

20%

**On time delivery
(30% market standard)**

100%

**Cost reduction on
recurring part cost**

5-15%

**Cost saving on account
of defective parts**

30%

**Increase in utilisation
for SME**

20-30%

**Improved contract
terms for SME**

Industry-leading unit economics consistent across key & large accounts

Unit Economics for Key Accounts (Sept – Feb)

	Mahindra & Mahindra	Rockman (Hero Group)	Overall Key Accounts
Revenue	1,02,45,909	68,18,035	7,37,56,063
Gross Profit	13,12,135 ~ (12.81%)	9,06,916 ~ (13.30%)	92,93,264 ~ (12.6%)
Freight & Logistics	2,70,492 ~ (2.64%)	1,02,270 ~ (1.5%)	18,43,902 ~ (~2.5%)
Estimated Future Revenues	4,00,00,000 (Ariba Catalogue)	7,00,00,000 (ARC under signing)	25,00,00,000+ (For existing)

Unit Economics for Large Accounts (Sept – Feb)

	Vishnu Barium (VISHNU CHEMICALS LTD)	Lohia Corp Ltd (LOHIA CORP)	Overall Large Accounts
Revenue	11,50,082	13,22,356	2,19,34,839
Gross Profit	1,93,262 ~ (16.80%)	2,42,107 ~ (18.30%)	33,89,133 ~ (15.45%)
Freight & Logistics	26,447 ~ (2%)	23001 ~ (2%)	5,48,370 ~ (2.5%)
Estimated Future Revenues	50,00,000 (ARC + Maverick)	2,00,00,000 (ARC – 1,50,00,000)	8,00,00,000 (For Existing)

Demonstrating consistent ability to increase wallet share with most marquee customers

One of the largest Indian business conglomerates

Able to increase footprint across manufacturing plants

One of the largest auto manufacturer in India

Able to increase per location revenue y-o-y

Financial Summary

Profit and Loss (in Rs Cr)	FY21	FY22	FY23	% of Rev
Revenue	7.9	12.5	18.2	100%
Less:-				
COGS	6.5	10.9	15.5	86%
Gross Margin	1.4	1.6	2.7	14%
Employee Benefit Expense	0.6	0.6	0.6	5%
Other Costs	0.5	0.7	1.0	5%
EBITDA	0.3	0.3	9.9	3%
Add: Other Income	0.0	0.1	0.0	
Less: Depr and Amortisation	0.0	0.0	0.0	0%
Less: Net Finance Cost	0.2	0.2	0.7	3%
PBT	0.1	0.2	0.2	1%
Less: Taxes	0.0	0.0	0.0	1%
PAT	0.1	0.1	0.1	0%

Revenue has grown by 2.5X over the last 3 years

Amongst the highest gross margin % in the sector

Major expense heads are Marketing (Business Development) and Operation Costs

Financial Summary

Balance Sheet (in Rs Cr)	FY21	FY22	FY23	Days
Assets				
Receivables	3.8	7.6	5.2	92
Inventory	0.4	0.8	1.2	25
Less: Trade Payables	-0.3	-1.9	-2.7	55
Working Capital	4	6.5	3.7	66
Tangible Fixed Asset	0.0	0.0	0.2	
Cash and Bank	0.4	0.1	2.8	
Net Other Current Assets	2.8	3.0	3.0	
Total	7.2	9.7	9.7	
Liabilities				
Promoter's Contribution	5.6	6.4	6.4	
Borrowing	1.6	3.3	3.3	
Total	7.2	9.7	9.7	

40% of revenue comes in 4th quarter, which artificially inflates Annual Receivables Days.
Steady state receivables is already below 70.

Low dependence on Inventory

Asset light model which doesn't require heavy investment in Capex

Direct Reach out

- ❖ Promoter's network has given initial momentum and traction
- ❖ Short terms strategy to establish credibility and win first contracts

Referrals

- ❖ With successful delivery, existing customers have started referring to other potential clients
- ❖ Short and medium terms strategy to help scale

Network effect

- ❖ Clients are expected to give contracts of other parts also, helping onboard new SMEs
- ❖ Medium and Long terms strategy to result in non-linear growth

Team with expertise and experience

Mr. Saimadhur Vutukuri

(Co-Founder & CEO)
